

XXXVI DYNAMICAL PROPERTIES OF SOLIDS

Cracow, 27-31 August 2017

www.dyproso2017.ifj.edu.pl

CONFERENCE CHAIR

Piotr Zieliński, Institute of Nuclear Physics PAS, Cracow University of Technology - conference chairman

Ewa Gondek, Cracow University of Technology

Renata Bujakiewicz-Korońska, Pedagogical University of Cracow

ADVISORY BOARD

Abílio Almeida, University of Porto, Portugal

Michael A. Carpenter, University of Cambridge, UK

Sophie de Brion, Institute Néel, CNRS, France

Lukas Eng, Technische Universität Dresden, Germany

Iñigo Etxebarria, University of the Basque Country, Bilbao, Espagne

Manfred Fiebig, ETH Zürich, Switzerland

Jiří Hlinka, Institute of Physics, Prague, Czech Republic

Ted Janssen, University of Nijmegen, The Netherlands

Michael Krisch, ESRF Grenoble, France

Jiří Kulda, ILL Grenoble, France

Igor Musevic, J. Stefan Institute, Ljubljana, Slovenia

Bart Partoens, University of Antwerp, Belgium

Syvain Petit, LLB Saclay, France

Winfried Petry, FRM II - MLZ, Germany

Wilfried Schranz, University of Vienna, Austria

Sergio Speziale, GFZ Potsdam, Germany

Renato Torre, LENS, Florence, Italy

Piotr Zieliński, Institute of Nuclear Physics PAS, Cracow University of Technology, Poland

OVERVIEW

DyProSo is an international biannual research meeting on functional properties of condensed matter resulting from elementary excitations, molecular motions, transport processes and other dynamic phenomena occurring in many body systems. Of special concern is always a scientific dialogue between young and experienced researchers working on the dynamics of materials. The 36th DyProSo will be held in Cracow, a historical site known as not having been "built in a day", in the year of Marian Smoluchowski.

CONFIRMED INVITED SPEAKERS

Françoise Damay, Université Paris-Saclay, France

Alexei Sokolov, University of Tennessee, Oak Ridge National Lab, USA

Svetoslav Stankov, Karlsruhe Institute of Technology, Germany

Andreas Tröster, Technische Universität Wien, Austria

Björn Wehinger, University of Geneva, Paul Scherrer Institute, Villigen, Switzerland

Maciej Krawczyk, The Adam Mickiewicz University in Poznań, Poland

Martin Müller, Helmholtz-Zentrum Geesthacht and Christian-Albrechts-Universität zu Kiel, Germany

Federico Montoncello, University of Ferrara, Italy

Krzysztof Parlinski, Institute of Nuclear Physics PAS, Cracow, Poland

Catalin Gainaru, Technische Universität Dortmund, Germany

Bahram Djafari-Rouhani, Lille University of Science and Technology, France

Vincenzo Guidi, University of Ferrara, Italy

Zach Evenson, Maier-Leibnitz Zentrum (MLZ) and Technische Universität München, Germany

Stéphane Rols, Institut Laue Langevin, Grenoble, France

Andreas Borgschulte, Empa - Swiss Federal Laboratories for Materials Science & Technology, Dübendorf, Switzerland

Latham Boyle, Perimeter Institute, Ontario, Canada

Marek Paściak, Fyzikální ústav Akademie věd České republiky, Prague, Czech Republic

PROGRAMME

The conference will start with an opening lecture and a welcome reception in the former Collegium Physicum in the centre of Cracow, on Sunday, 27 August 2017 afternoon. This is the building where Marian Smoluchowski worked till his premature death on 5th September 1917. We plan about 15 invited lectures and 25 oral presentations. In addition, students will given opportunity to give about 10 short communications of 10 minutes. Posters will be exposed during the whole meeting and will be discussed in a special poster session. A visit to selected historical objects in Cracow and a conference dinner will take place on Wednesday, 30 August 2017.

PROGRAM COMMITTEE

Józef Korecki, AGH University of Science and Technology, Institute of Catalysis and Surface Chemistry PAS, Cracow, Poland

Bridget Murphy, Christian-Albrechts-Universität zu Kiel, Germany

Andrzej M. Oleś, Jagiellonian University, Institute of Nuclear Physics PAS, Cracow, Poland

Aleksandra Pajzderska, Adam Mickiewicz University in Poznań, Poland

Winfried Petry, Technische Universität München, Germany

Przemysław Piekarczyk, Institute of Nuclear Physics PAS, Cracow, Poland

Wilfried Schranz, University of Vienna, Austria

Wojciech Szuszkiewicz, Institute of Physics PAS, Warsaw, Poland

CONFERENCE FEE

Regular early fee is **330 EUR**

Student early fee is **220 EUR**

Regular late fee is **450 EUR**

Student late fee is **340 EUR**

Accompanying person fee is **150 EUR**

IMPORTANT DATES

Registration: **10.02.2017 - 15.06.2017**

Abstract Submission: **01.02.2017 - 15.05.2017**

Abstract Acceptance: **until 22.05.2017**

Early Bird Pricing: **until 01.06.2017**

Conference Fee Deadline: **until 30.06.2017**

VENUE

The conference sessions will take place in the building of The Cracow University of Technology, formerly the royal summer castle Łobzów.

Organizers

Institute of Nuclear Physics PAS

Cracow University of Technology

Pedagogical University of Cracow
